

# Fall 2022 Enrollment Requirements

Updated 5/2/2022

The University of Arizona plans to offer most courses on our Main Campus and other locations as in-person, with some courses offered as flex in-person as public safety requires. With the university returning to a **normal instructional mode**, international students will be required to follow pre-COVID requirements for full-time enrollment starting in Fall 2022 as outlined below.

Active status students who cannot fulfill in-person enrollment requirements should **meet with an international student adviser** to discuss the impact on their immigration status.

## Semester Requirements for Undergraduates

- 12 units
- 9 units must be in-person or hybrid
- Audited classes do not count toward full-time

## Semester Requirements for Graduates

- 9 units or 6 units with an assistantship
- 6 units or 3 units with an assistantship must be in-person or hybrid
- 1 or 3 units of 900-level thesis/master's report/dissertation/recital with ISS approval
- Audited classes do not count toward full-time

## Special Considerations for Exchange Students

- Online classes only permitted above and beyond full-time
- Only 3 units of Independent Study count toward full-time. You must submit a copy of the independent study plan to ISS.

Additional information is available under **Full-Time Enrollment**.
