**UA Seoul**

# GAME DESIGN & DEVELOPMENT

Study abroad in South Korea and study Game Design & Development through a global lens. At UA Seoul, hosted by Hanyang University, you can choose from a variety of English taught courses to satisfy your degree requirements, including general education with the approval of your academic advisor. To make choosing courses easier, faculty in the College of Information Science preapproved courses to satisfy many of your Game Design & Development major requirements.

The best part is, you'll pay your regular University of Arizona tuition and can use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence** awards! Course availability varies per semester and can be subject to change.
