

## POLITICAL SCIENCE

Study abroad in France and see Political Science through a global lens. At UA Aix-en-Provence, hosted by the Institute for American Universities, you can choose from a variety of English taught courses to satisfy your degree requirements, including general education with the approval of your academic advisor. To make choosing courses easier, faculty in the School of Government & Public Policy preapproved courses to satisfy many of your Political Science major or minor requirements. The best part is, you'll pay your regular University of Arizona tuition and can use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence** awards! Course availability varies per semester and can be subject to change.

Always keep in mind that every student is on a different path towards graduation, so the best way to plan for studying abroad is to work directly with your academic advisor to discuss which courses will be best for your academic and professional goals.

**Please Note: The Political Science advisors encourage you to include them in your study abroad program exploration process. While choosing courses they will also help you ensure your major residency requirements are met.**
