

## BIOSYSTEMS ENGINEERING

Spend a semester abroad in Costa Rica and study Biosystems Engineering through an international lens. At UA Costa Rica, hosted by Veritas University, you can choose from a variety of English taught courses to satisfy your degree requirements, including general education with the approval of your academic advisor. To make choosing courses even easier, faculty in the College of Engineering preapproved courses to satisfy technical electives in your Biosystems Engineering major.

The best part is, you'll pay your regular University of Arizona tuition and can use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence** awards! Course availability varies per semester and can be subject to change.

*Learn more about Global Tracks for your major, connect with your academic advisor, and start your study abroad application by visiting [studyabroad.arizona.edu/global-tracks](https://studyabroad.arizona.edu/global-tracks).*

UA COSTA RICA COURSE	APPLICABILITY TO BE MAJOR
