

THE UNIVERSITY OF ARIZONA
Study Abroad

UA Sydney

MOLECULAR & CELLULAR BIOLOGY

Study abroad in Australia and see your Molecular & Cellular Biology major through a global lens. At UA Sydney, hosted by the University of Technology, you can choose from a variety of English taught courses to satisfy your degree requirements, including general education with the approval of your academic advisor.

To make choosing courses easier, faculty in the Molecular & Cellular Biology Department preapproved courses to satisfy many of your major requirements. Plus, you'll pay your regular University of Arizona tuition and can use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence** awards!

Course availability varies by semester and may be subject to change. Refer to the program webpage for current offerings. *Learn more about Global Tracks for your major, connect with your academic advisor, and start your study abroad application by visiting studyabroad.arizona.edu/global-tracks.*

Please Note: If you plan to apply to a professional program such as a medical school or DVM program, you must consult with the admission team of your intended school to ensure the courses you choose to take abroad will be accepted by your future program. There may be some restrictions on international credits in your application.

UA SYDNEY COURSE	APPLICABILITY TO MOLECULAR & CELLULAR BIOLOGY MAJOR
37262: Mathematical Statistics	MATH 263: Introduction to Statistics and Biostatistics
65111: Chemistry 1	CHEM 151: Chemical Thinking I
65202: Organic Chemistry 1	CHEM 241A: Lectures in Organic Chemistry & CHEM 243A: Organic Chemistry Lab I
65212: Chemistry 2	CHEM 152: Chemical Thinking II
91161: Cell Biology and Genetics	MCB 181R: Introductory Biology I & MCB 181L: Introductory Biology Laboratory I

UA SYDNEY COURSE	APPLICABILITY TO MOLECULAR & CELLULAR BIOLOGY MAJOR
65545: Forensic Toxicology	PCOL 451: Introduction to Forensic Toxicology Satisfies MCB Major Elective
91142: Biotechnology	PLS 340: Introduction to Biotechnology Satisfies MCB Major Elective
91180: Immunology and Human Health	PSIO 431: Physiology of the Immune System Satisfies MCB Major Elective
91320: Metabolic Biochemistry	BIOC 385: Metabolic Biochemistry Satisfies MCB Major Elective
91400: Human Anatomy and Physiology	PSIO 380: Fundamentals of Humans Physiology Satisfies MCB Major Elective
91401: Immunology	MCB Department Elective, Upper Division Satisfies MCB Major Elective
91500: Histology	PSIO Department Elective, Upper Division Satisfies MCB Major Elective
91822: Human Genetics and Precision Medicine	PCOL 473: Pharmacogenomics: Predicting a Patient's Future Satisfies MCB Major Elective
