

NUTRITION & HUMAN PERFORMANCE

Spend a semester in Australia and see your major through a global lens. At UA Sydney, hosted by the University of Technology Sydney, you can choose from a variety of courses to satisfy your degree requirements, including general education with the approval of your academic advisor. To make choosing courses easier, faculty in the School of Nutritional Sciences & Wellness preapproved courses to satisfy many of your requirements. Plus, you'll pay your regular University of Arizona tuition and can use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence** awards!

Course availability varies by semester and may be subject to change. Refer to the program webpage for current offerings. *Learn more about Global Tracks for your major, connect with your academic advisor, and start your study abroad application by visiting studyabroad.arizona.edu/global-tracks.*

UA SYDNEY COURSE	PREAPPROVED CORE NUTRITION COURSE
92547: Nutrition for Health and Physical Activity (F)	NSC 315: Sports Nutrition

UA SYDNEY COURSE	PREAPPROVED NHP GENERAL MATH AND SCIENCE COURSES
37262: Mathematical Statistics (F)	MATH 263: Introduction to Statistics and Biostatistics

52670: Self and Society (F/S)	SOC Department Elective, Lower Division Satisfies Behavioral Science Elective

Please note: If you plan to apply to a health professional program, you must consult with your Pre-Health academic advisor to ensure the courses you choose to take abroad will be accepted by your future program as there may be some restrictions on international credits in your application. This may also require you to contact the admissions team for the specific program you intend to apply to.
