

THE UNIVERSITY OF ARIZONA  
Study Abroad

**UA Athens**

## PHARMACEUTIAL SCIENCES

Spend a semester abroad in Greece and see your major through a global lens. At UA Athens, hosted by the American College of Greece, you can choose from a variety of courses to satisfy your degree requirements, including general education with the approval of your academic advisor. To make choosing courses easier, faculty in the R. Ken Coit College of Pharmacy preapproved courses to satisfy many of your Pharmaceutical Sciences major requirements.

Plus, you'll pay your regular University of Arizona tuition and get to use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence** awards! Course availability varies per semester and can be subject to change.

**Please note:** If you plan to apply to a health professional program, you must consult with your Pre-Health academic advisor to ensure the courses you choose to take abroad will be accepted by your future program as there may be some restrictions on international credits in your application. This may also require you to contact the admissions team for the specific program you intend to apply to.
