

PUBLIC HEALTH

Spend a semester abroad in Greece and see your Public Health major through a global lens. At UA Athens, hosted by American College of Greece, you can choose from a variety of English taught courses to satisfy your degree requirements, including general education with the approval of your academic advisor. To make choosing courses easier, faculty from the College of Public Health preapproved courses to satisfy your major requirements.

Plus, you'll pay your regular University of Arizona tuition and use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence** awards!

Course availability varies by semester and may be subject to change. Refer to the program webpage for current offerings. *Learn more about Global Tracks for your major, connect with your academic advisor, and start your study abroad application by visiting studyabroad.arizona.edu/global-tracks.*
