Study Abroad

Study Lima

SUSTAINABLE BUILT ENVIRONMENTS

Spend a Fall semester in Peru and explore engineering through an international lens by studying abroad at Study Lima: Sustainable Built Environments, in partnership with Universidad Peruana de Ciencias Aplicadas (UPC). Through its collaborative partnership, Study Lima offers Sustainable Built Environment classes in English that will award you with direct University of Arizona credit, while you live and learn in Peru's capital city. Additionally, you may choose to take UPC taught courses in English for transfer credit that are preapproved to satisfy some of your major requirements. Using the following tables as a guide, work with your academic advisor to choose courses for your Fall semester at Study Lima: Sustainable Built Environments!

Learn more about Global Tracks for your major, connect with your academic advisor, and start your study abroad application by visiting studyabroad.arizona.edu/global-tracks.
