

## ANIMAL SCIENCES

Spend a semester abroad in Greece and see Animal Sciences through a global lens. UA Athens, hosted by the American College of Greece, you can choose from a variety of English taught courses to satisfy your degree requirements, including general education with the approval of your academic advisor. To make choosing courses easier, faculty in the School of Animal and Comparative Biomedical Science preapproved courses to satisfy many of your Animal Sciences requirements. Majors may apply up to 9 credits, and minors may apply up to 6 credits from these preapproved lists to satisfy Animal Sciences program requirements. Plus, you'll pay your regular University of Arizona tuition and use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence** awards!

**Course availability varies and can be subject to change. Refer to the program webpage for current offerings.**
