Study Jakarta

BUSINESS MAJORS & MINORS

At Study Jakarta, in partnership with Sampoerna University, you may choose from a variety of courses to satisfy your degree requirements with the approval of your academic advisor and the best part is, you'll pay your regular University of Arizona tuition and can use your scholarships and financial aid, like **AZ Excellence** and **Wildcat Excellence awards!**

The Eller College of Management recommends participating in the Study Jakarta program as you are completing your business foundation courses, before you are professionally admitted to your major. Alternatively, you can participate during the second semester of your upper division program, after you have been professionally admitted to your major. Remember, every student is on a different path towards graduation so the best way to plan for studying abroad is to work directly with your Eller global advisor to discuss which courses will be best for your academic and professional goals.

Choose from a variety of courses including these preapproved business foundation, core, and minor electives:
