BUSINESS MAJORS

UA Athens

Spend a semester abroad in Greece and study business through an international lens at UA Athens, hosted by the American University of Greece. You'll get to immerse yourself in the local culture and will feel a sense of community by living and learning right in the heart of the city.

The Eller College of Management recommends participating in the UA Athens program during the second semester of your upper-division program, after you have been professionally admitted to your major. For the Summer program, you are eligible to complete upper-division business courses abroad after you have been professionally admitted to your major. Spring professional admission applicants are conditionally approved to complete these courses. Remember, every student is on a different path towards graduation so the best way to plan for studying abroad is to work directly with your Eller global advisor to discuss which courses will be best for your academic and professional goals. The best part is, you'll pay your regular UArizona tuition and get to use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence!** Get ready to go abroad and get ahead at UA Athens!
