

## BUSINESS MAJORS

Spend a semester abroad in Thailand and study business through an international lens. At UA Bangkok, hosted Mahidol University International College, you can choose from a variety of English taught courses to satisfy your degree requirements, including general education with the approval of your academic advisor. The Eller College of Management recommends participating in the UA Bangkok program during the second or third semester of your upper division program, after you have been professionally admitted to your major.

Remember, every student is on a different path towards graduation so the best way to plan for studying abroad is to work directly with your Eller Global Advisor to discuss which courses will be best for your academic and professional goals. The best part is, you'll pay your regular University of Arizona tuition and get to use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence** awards! Get ready to go abroad and get ahead at UA Bangkok!

Choose from a variety of courses including these preapproved Business core and major electives:
