BUSINESS MAJORS

UA Barcelona

Spend a summer, semester, or the full academic year abroad and see international business in action in Spain. At UA Barcelona, hosted by the Institute for American Universities, you can choose courses that may satisfy requirements for your major, minor, general education, and general electives all with the approval of your academic advisor. The best part is, you'll pay your regular UArizona tuition and can use your scholarships and financial aid, like **AZ Excellence** and **Wildcat Excellence** awards!

If you're interested in spending a semester abroad, the Eller College of Management recommends participating in the UA Barcelona program during the second semester of your upper-division program, after you have been professionally admitted to your major. For the summer program, you are eligible to complete upper-division business courses abroad after you have been professionally admitted to your major. Spring professional admission applicants are conditionally approved to complete these courses. Remember, every student is on a different path towards graduation so the best way to plan for studying abroad is to work directly with your Eller global advisor to discuss which courses will be best for your academic and professional goals.
