

MEDICINE

Study abroad in Australia and see your Medicine major through a global lens. At UA Sydney, hosted by the University of Technology Sydney, you can choose from a variety of courses to satisfy your degree requirements, including general education with the approval of your academic advisor.

To make choosing courses easier, faculty in the College of Medicine preapproved courses to satisfy many of your Medicine major requirements. The best part is, you'll pay your regular University of Arizona tuition and can use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence** awards! Course availability varies per term and can be subject to change.

92547: Nutrition for Health and Physical Activity	NSC 315: Sports Nutrition Satisfies Emphasis 4: Integrative & Practice-Focused Med

Please note: If you plan to apply to a health professional program, you must consult with your Pre-Health academic advisor to ensure the courses you choose to take abroad will be accepted by your future program as there may be some restrictions on international credits in your application. This may also require you to contact the admissions team for the specific program you intend to apply to.
