

MICROBIOLOGY

UA Athens

Get ready to go abroad and get ahead while exploring your Microbiology major through an international lens by studying abroad in Greece at UA Athens, hosted by the American University of Greece. You'll get to immerse yourself in the local culture and will feel a sense of community by living and learning right in the heart of the city. You'll get to choose from a variety of classes that could satisfy various degree requirements, including general education classes, with the approval of your academic advisor.

The best part is, you'll pay your regular UArizona tuition and get to use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence** awards! Get ready to go abroad and get ahead at UA Athens!

To make choosing courses easier, faculty in the Microbiology Department pre-approved the following list of courses for you to take to satisfy requirements in your Microbiology major. Get started by connecting with your academic advisor today!

Start planning by contacting your advisor: acbs.arizona.edu/undergraduate/advising

Faculty in the Microbiology Department preapproved a handful of courses that may satisfy various requirements within your Microbiology major. Use these tables as a guide and don't forget to always work with your academic advisor for help choosing classes to take abroad. Additionally, UA Athens courses can be used to satisfy your general education requirements with the approval of your academic advisor. More courses can be found directly on the UA Athens website!

UA ATHENS COURSE	APPLICABILITY TO MICROBIOLOGY MAJOR
BI 1101: Introduction to Biology II	ECOL 182R & 182L: Intro Biology II Lecture and Lab
BI 3204: Human Genetics	ECOL 320: Genetics
CH 1002: Principles of Chemistry	CHEM 151: Chemical Thinking I
CH 2115: General Chemistry	CHEM 152: Chemical Thinking II
CH 3220: Organic Chemistry	CHEM 241A: Lectures in Organic Chemistry I
CH 3330: Organic and Biological Chemistry Lab	CHEM 243A: Organic Chemistry Lab I

Microbiology Major Elective Requirement: You may select up to a maximum of 6 units from this list. Please consult with your academic advisor for more information.

UA ATHENS COURSE	APPLICABILITY TO MICROBIOLOGY MAJOR
BI 3235: Cell and Molecular Biology	MCB 411: Molecular Biology MIC Major Elective
BMS 3220: Microbiology and Infectious Disease	MIC Department Elective, Upper Division MIC Major Elective
BMS 4330: Health Information Systems and Technology	ELCR Department Elective, Upper Division MIC Major Elective
*BMS 4410: Allergy and Immunity	PSIO 431: Physiology of the Immune System MIC Major Elective
BMS 4435: Pharmacology in Health and Disease	ELCR Department Elective, Upper Division MIC Major Elective

*BMS 4410 at UA Athens receives a transfer equivalency to PSIO 431 at UArizona. Please note this course is approved to satisfy a MIC Major Elective only when taken at UA Athens and is not considered a pre-approved MIC Major Elective when taken elsewhere, including at UArizona. Please discuss this course with your academic advisor prior to enrolling.

Note: If you plan to apply to a professional program such as a medical school or DVM program, you must consult with the school's admission team to ensure the courses you choose to take abroad will be accepted by your future program as there may be some restrictions on international credits in your application.

Course availability varies per semester and can be subject to change.
