Always keep in mind that every student is on a different path towards graduation! The best way to plan for studying abroad is to work directly with your academic advisor. It's also important to remember that course offerings vary each semester so even with careful planning ahead, changes to your plan may need to be made. Fortunately, the UA Athens program offers plenty of courses that have been preapproved to satisfy Music Major Electives. All courses are taught in English and courses in the 1000s and 2000s are considered lower division whereas courses numbered in the 3000s and 4000s are considered upper division.

Connect with your academic advisor today to discuss how and when to plan a summer, semester, or year abroad at UA Athens into your academic plan of study!
