## PHYSIOLOGY & MEDICAL SCIENCES

*UA London*

Spend a semester in London, England and take your Physiology & Medical Sciences major to a new level with an international education experience. At UA London, study abroad students are given the opportunity to join academic clubs and honor societies as well as joining sports teams where you can compete in state-of-the-art facilities. This program gives you endless opportunities to build your resume and truly become integrated as a part of the community at St. Mary's University, our partner institution.

The best part is, you'll pay your regular UArizona tuition and can use financial aid and scholarships, including **AZ Excellence** and **Wildcat Excellence**!

Studying abroad is an excellent complimentary experience for your STEM coursework, as it gives you a hands-on opportunity to expand your soft and cross-cultural skills and gain a competitive edge when pursuing your continued academic and professional goals. Faculty in the Physiology Department pre-approved a handful of UA London courses to satisfy major electives in your Physiology & Medical Sciences major. Collaborate with your academic advisor to choose which courses are best for you!  
*Course availability varies each semester and can be subject to change.*

**Global Tracks**

Using these pre-approved course lists as a guide, it is imperative that you work with your academic advisor to choose courses that can satisfy general education requirements, general electives, and major electives. It may be necessary to consider the level of each course you select as courses numbered in the 4000s at UA London are considered lower division and courses in the 5000s and 6000s are upper division.

**Lower Division PSIO Courses:** You may select no more than **one course** from this list, AND ONLY IF you have not taken PSIO 101. Please consult with your academic advisor for more information.

LOWER DIVISION UA LONDON COURSE	APPLICABILITY TO PHYSIOLOGY & MEDICAL SCIENCES MAJOR
<b>NUT 4037:</b> Introductory Physiology and Biochemistry	PSIO Department Elective, Lower Division (List A Course or Major Elective)
<b>SPS 4011:</b> Physiology of Exercise	PSIO Department Elective, Lower Division (List A Course or Major Elective)
<b>SPS 4060:</b> Fundamentals of Biomechanics	PSIO Department Elective, Lower Division (List A Course or Major Elective)

**Upper Division PSIO Courses:** You may select **one or two courses** from this list. Please consult with your academic advisor for more information.

UPPER DIVISION UA LONDON COURSE	APPLICABILITY TO PHYSIOLOGY & MEDICAL SCIENCES MAJOR
<b>SPS 5011:</b> Physiology of Training	PSIO Department Elective, Upper Division (List A Course or Major Elective)
<b>SPS 6011:</b> Applied Physiology	PSIO Department Elective, Upper Division (List A Course or Major Elective)
<b>SPS 6012:</b> Environmental Physiology	PSIO Department Elective, Upper Division (List A Course or Major Elective)
<b>SPS 6041:</b> Experimental Biomechanics	ELCR Department Elective, Upper Division (List A Course or Major Elective)
<b>SPS 6042:</b> Applied Biomechanics	PSIO Department Elective, Upper Division (List A Course or Major Elective)
<b>STC 5006:</b> Neuromechanics of Human Movement	PSIO Department Elective, Upper Division (List A Course or Major Elective)

Please note: If you plan to apply to a health professional program, you must consult with your Pre-Health academic advisor to ensure the courses you choose to take abroad will be accepted by your future program as there may be some restrictions on international credits in your application. This may also require you to contact the admissions team for the specific program you intend to apply to.
