# SYSTEMS & INDUSTRIAL ENGINEERING

Spend a Fall semester in Peru and explore engineering through an international lens by studying abroad at Study Lima: Systems & Industrial Engineering, in partnership with Universidad Peruana de Ciencias (UPC). Through its collaborative partnership, Study Lima offers Systems & Industrial Engineering (SIE) classes in English that can award you with direct University of Arizona credit, while you live and learn in Peru's capital city. Additionally, you may choose to take one or two UPC taught courses in English for transfer credit that may count towards your technical elective requirement. Using the following tables as a guide, work with your academic advisor to choose courses for your Fall semester at Study Lima: Systems & Industrial Engineering!
